Selection Rules	
	[Reaction] Unfeeling Flesh : fighter can make this reaction when they are targeted by a melee attack action but before the hit rolls are made. Subtract 1 from the damage points allocated to this fighter by each hit from that attack action (to a minimum of 1).
  	[Double] Fiendish Lure : Until the end of the battle round, add 1 to the damage points allocated by each critical hit from attack actions made by friendly fighters that target an enemy fighter within 6" of this fighter.
 	[Double] The Thrill of the Hunt : If the next attack action made by this fighter this activation targets an enemy fighter with any damage points allocated to them, add 1 to the Attacks and Strength characteristics of that attack action.
  	[Triple] Call the Crimson Feast : Until the end of the battle round, add 1 to the Attacks characteristic of melee attack actions made by visible friendly fighters while they are within 6" of this fighter.
 	[Triple] Summon Undead Minions : Pick a friendly fighter with the Soublight Gravelords faction runemark and the Minion runemark that has been taken down. Set up that fighter up on a platform or the battlefield floor, wholly within 3" of this fighter. That fighter no longer counts as being taken down and has no damage points allocated to it.
 	[Triple] Thirst for Blood : A fighter can only use this ability if an enemy fighter has been taken down by an attack action made by this fighter this activation. Remove a number of damage points allocated to this fighter up to double the value of this ability.
